The drawing includes three views of a tension tube (Труба натяжная):

- Front View:** A horizontal rectangle with a total width of 422* and a height of 71,7*. It features a central row of 12 rectangular slots, each 158 units wide. The distance from the left edge to the first slot is 35 units, and from the last slot to the right edge is 30 units. There are three circular features (possibly rivets or mounting points) along the bottom edge, with the leftmost one labeled '1'.
- Side View:** A perspective view of the tube, showing its depth of 12,8 units and its height of 71,7* units. A label '3' points to a small rectangular feature on the top edge.
- Detail View:** A close-up of a rectangular slot, labeled '2' and '4', showing its internal structure and dimensions.
